Instructor Overview

Alex Gonzalez

Alex Gonzalez is a writer, filmmaker and Virtual Reality developer. He travels to schools across the tri state area and teaches students how to get started in VR, including how to brainstorm, code, and rapidly iterate ideas into practice. With a primary focus on storytelling, Alex has led dozens of students from imagination to project completion. He is the founder of New Haven VR Developer Group and his debut VR film *Beyond the Mountain* premiered last year at Jacob Burns Film Center and was the first VR film to be accepted into the Middlebury Film Festival.
