living around southern
connecticut during the roaring
20s**

Chapter 1

Who knew what would bring from the
days of the old

From the wind howls

It started with the wind - just like any other day - and the wind had a chance to go where it wanted and find rest for the weary eyes there it settled and it settled for good.

Building the Boat

It was a while before we built the boat - but once the nature settled out of the foreign coast we were ready.
